CONFLICTS OF INTEREST

All employees must avoid situations involving an actual or potential conflict of interest. Personal or romantic involvement with a competitor, supplier or subordinate employee of the office that impairs an employee's ability to exercise good judgment on behalf of the office creates an actual or potential conflict of interest. Supervisor-subordinate romantic or personal relationships also can lead to supervisory problems, possible claims of sexual harassment and morale problems. An employee involved in any of the types of relationships or situations described in this policy should immediately and fully disclose the relevant circumstances to Kelly K. Leong, DMD, Inc. for a determination about whether a potential or actual conflict exists. If an actual or potential conflict is determined, the office may take whatever corrective action appears appropriate according to the circumstances. Failure to disclose relevant facts shall constitute grounds for disciplinary action.

While we acknowledge that employees may have pursuits separate from their work at the employer, such endeavors cannot compete with or conflict with an employee's job duties and responsibilities at the employer.

To further explain an employee's obligations to avoid conflicts of interest, a conflict of interest may arise, for instance, when an employee has a financial or other interest that could interfere with the employee's job duties with the employer or when an employee uses their position with the employer for personal gain. Each employee is required to ensure that they and their family members do not improperly benefit personally from the employee's position as an employee.

Employees must conduct themselves in such a way as to avoid actual or potential conflicts of interest, as set out in this policy. The following are examples of prohibited conflicts of interest in any aspect of an employee's job:

- Having any significant direct or indirect personal interest in a business transaction involving the employer;
- Conducting outside activities that materially detract from or interfere with the full and timely performance of an employee's services for the employer; or
- Influencing commercial transactions involving purchases, contracts or leases in a way that would have a negative impact on the employer or its business.

If an employee finds that they have, or are considering the assumption of, a financial interest, an outside employment relationship or other activity that might involve a conflict of interest, as discussed in this policy, or if the employee is in doubt as to whether any conduct or activity may constitute a conflict of interest, the employee must promptly discuss the matter with Kelly K. Leong, DMD and refrain from acting on the employer's behalf in any manner that might reasonably be considered to be a conflict of interest or affected by any adverse interest. If the matter is deemed to be a conflict of interest, the affected employee must withdraw from the matter.

Failure to disclose a conflict or potential conflict of interest is a violation of this policy and may lead to disciplinary action, up to and including termination of employment. This policy in no way prohibits employee affiliations, activities or communications that are protected under applicable state and federal laws, including but not limited to any activity that is protected under Section 7 of the National Labor Relations Act, which includes the right of employees to organize collectively and to speak with others about their terms and conditions of employment.

- Employment that conflicts with the employee's work schedule, job duties and responsibilities or that creates an actual conflict of interest;

PAID FAMILY LEAVE

Employees may be eligible for up to eight weeks of state-provided paid family leave (PFL) insurance benefits when they take time off for one of the following purposes:

- To bond with a child during the first 12 months after the child's birth or placement for adoption or foster care with the employee;
- To care for an immediate family member (spouse, registered domestic partner, child, parent, grandparent, grandchild, sibling and parent-in-law defined by the PFL law) who is seriously ill and requires care; or
- To participate in a qualifying exigency related to the covered active duty or call to covered active duty of the employee's spouse, domestic partner, child or parent in the US Armed Forces.

The PFL benefits described in this policy are a state-provided partial wage replacement benefit, not a protected leave of absence. To obtain approval for a leave of absence, employees must contact the employer and comply with applicable eligibility for the leave, notice and certification requirements when required by state or federal law.

Amount and Duration of Benefits

The weekly benefit amount is generally 70 or 90 percent of the employee's earnings (depending upon the employee's income), with benefits capped at a state-imposed maximum weekly benefit amount. Employees may receive up to eight weeks of PFL benefits during a 12-month period, but may not receive more benefits than earned in wages during the base period for calculating benefits (generally, the 12 months prior to the quarter in which the claim is made).

When applicable, PFL benefits will run concurrently with leave time available under the California Family Rights Act and the federal Family and Medical Leave Act. Employees may use any accrued but unused sick leave prior to receiving PFL benefits.

Kelly K. Leong, DMD, Inc. has no control or authority over PFL. Employees should contact the California EDD directly for further information.

travel, meals, lodging and other expenses directly related to accomplishing objectives will be reimbursed by the employer. Employees are expected to limit expenses to reasonable amounts. Reimbursement of non-standard expenses (including the purchase of alcoholic beverages) incurred on business trips is within the sole discretion of the employer.

All training and non-productive work time must be approved in advance. Once approved, employees should make travel arrangements and seek reimbursement in accordance with the guidelines in this policy.

Exempt employees will continue to earn their regular pay while attending trainings, traveling, conferences, lectures, etc.

Nonexempt employees will be compensated for required attendance, at a “training” rate (to be equal to San Francisco minimum wage), and as such attendance is deemed as hours worked.

Abuse of this Training and Non-productive Work Time policy, including falsifying expense reports to reflect costs not incurred by the employee, may result in disciplinary action, up to and including termination of employment.

The above-stated policy does not apply to attendance not required by this office. That is, if an employee voluntarily attends formal or informal education, outside of working hours, the employee will not be entitled to reimbursement for expenses or compensation. Exceptions may be made in limited circumstances and with the prior written approval of Kelly K. Leong, DMD, Inc.

TRAINING AND NON-PRODUCTIVE WORK TIME RATE

Kelly K. Leong, DMD, Inc. will pay nonexempt employees at a training rate equivalent to the acceptable minimum wage for the employee’s required attendance at meetings, lectures, and training programs under the following conditions:

- Attendance is mandatory;
- The meeting, course or lecture is directly related to the employee’s job; and the employee is notified of the necessity for such attendance by the doctor;
- Any hours in excess of eight in a day or 40 in a week will be paid at the appropriate overtime rate, based on the weighted average rate of the employee’s normal rate of pay; the employee will be paid the applicable reduced training rate for time spent at meetings, lectures, and training programs if the employee does not perform any productive work during such attendance.

SICK AND SAFE TIME

Kelly K. Leong, DMD, Inc. provides paid sick leave in accordance with California law and the San Francisco Paid Sick Leave Ordinance.

Eligibility

All employees, including full-time, part-time, temporary, and seasonal employees who work at least 30 days within a year, are eligible to earn and use paid sick. New employees will not be eligible to use sick leave until their 91st day of employment.

ACCRUAL OF SICK AND SAFE TIME LEAVE

Full-time employees will receive a lump sum of 40 hours of paid sick leave annually as of their date of hire. Sick leave is to be used throughout the rolling year. Part-time employees will receive a lump sum of 24 hours of paid sick leave annually as of their date of hire. Unused sick leave carries over year to year, with accrual and use capped at 40 hours.

Permitted Uses

Sick leave may be used for the diagnosis, care, or treatment of an employee's own health condition or that of a family member, or for preventive care. Sick leave may also be used for reasons related to domestic violence, sexual assault, or stalking, as permitted by law.

Notice and Documentation

Employees should notify Kelly K. Leong, DMD, Inc. as soon as possible if they need to use sick leave. For absences of more than three consecutive scheduled workdays, a doctor's note or other verification may be required.

Separation from Employment

Compensation for accrued and unused paid sick time is not provided upon separation from employment for any reason. If an employee is rehired by the office within one year of separation from employment, previously accrued but unused sick time will be immediately reinstated.

Leave under this policy may be used in connection with the diagnosis, care or treatment of an existing health condition for, or the preventive care of, an employee or an employee's immediate family member. Leave may also be used in conjunction with jury or witness leave or leave associated with a qualifying act of violence. Time off for medical and dental appointments will be treated as sick leave. The office will not tolerate abuse or misuse of your sick leave privilege.

EMPLOYEE MANUAL

COMPANY: Kelly K. Leong, DMD, Inc.

DBA: Ocean Endodontics

Requesting Sick and Safe Time Leave and Documentation

Employees must provide reasonable advance notice if the need for sick and safe time is foreseeable (i.e., expected or planned leave). When the need for sick and safe time is unforeseeable, you must under all but the most extenuating circumstances call Kelly K. Leong, DMD, Inc. at least two hours or as soon as possible before the time you are scheduled to begin working for that day.

Paid sick and safe time can be used in two hour or one-hour increments. If you are absent longer than five (5) days or 40 hours due to illness, medical evidence of your illness and/or medical certification of your fitness to return to work, satisfactory to the office, will be required before the office honors any sick pay requests. The office reserves the right to require a release from the employee's health care provider before the employee returns to work.

Rate of Pay and Overtime

For nonexempt employees, sick and safe time is paid based on the employee's straight time pay rate in effect at the time the sick and safe time is taken. Sick and safe time is not considered time worked for the purpose of calculating overtime for the week in which the sick time was taken.

Required Use of Paid Sick Leave Before Unpaid Leave

You may be required to take accrued and unused paid sick and safe time leave before taking unpaid medical and family leave unless you are receiving wage replacement through a disability leave plan. Employees who are absent because of their own disability may be eligible for State Disability Insurance (SDI) benefits.

SDI benefits do not replace all of your usual wages. If the absence is also covered by the federal Family and Medical Leave Act (FMLA) or California Family Rights Act (CFRA), you may choose to supplement your SDI benefits with sick leave. If you are not eligible for FMLA or CFRA, you must supplement your SDI benefits with accrued sick leave.

PFL benefits do not replace all of your usual wages. Your PFL benefits can be supplemented with any accrued and unused sick leave.

Paid Sick and Safe Time Leave and Workers' Compensation Benefits

Paid sick and safe time leave is a benefit that may also cover absences for work-related illness or injury. Employees who have a work-related illness or injury are covered by workers' compensation insurance. However, workers' compensation benefits usually do not cover absences for medical treatment. When you report a work-related illness or injury, you will be sent for medical treatment if treatment is necessary. You will be paid your regular wages for the time you spend seeking initial medical treatment.

Any further medical treatment will be under the direction of the health care provider. Any absences from work for follow-up treatment, physical therapy or other prescribed appointments will not be paid as time worked. If you have accrued and unused sick leave, the additional absences from work will be paid with the use of sick leave.

If you do not have accrued, paid sick and safe time leave or if you have used all of your sick leave, you may choose to substitute vacation/paid time off for further absences from work related to your illness or injury.

VACATION

The office provides paid vacation benefits to eligible employees.

EMPLOYEE MANUAL

COMPANY: Kelly K. Leong, DMD, Inc.

DBA: Ocean Endodontics

Eligibility & Accrual Start

Paid vacation benefits are available to full-time employees. Accrual begins on the first day of employment, but vacation may not be used until the employee completes a six (6) month introductory period. Vacation accrues based on hours worked.

Accrual Rates (based on a 2,080-hour full-time year):

- Years 1–2: 0.019231 hours of vacation per hour worked (equivalent to 40 hours/year).
- Years 3 and beyond: 0.038462 hours of vacation per hour worked (equivalent to 80 hours/year).

Accrual continues during active employment.

Summary:

- 1–2 years of service = 40 hours/year
- 3+ years of service = 80 hours/year

Waiting Period to Use

Vacation may **not be used during the first six (6) months** of employment. Accrued time becomes available for use after the waiting period ends.

Carryover & Cap

Unused, accrued vacation **carries over** from year to year. Accrual is **capped at 120 hours**. When an employee's balance reaches **120 hours, no additional vacation accrues** until the balance falls below 120 hours, at which time accrual resumes. (This cap limits the **total balance**; it is not a forfeiture policy.)

Scheduling & Approval

Use of vacation requires prior approval to meet operational needs. The practice may limit the number of employees on vacation at the same time to ensure adequate coverage.

Separation from Employment

Upon termination of employment, employees will be paid for all vacation days that have accrued but remain unused through the last day of work. Vacation days will be paid at the employee's regular rate of pay at the time of termination of employment.

Requesting Vacation and Documentation

Employees may request to take accrued vacation after 6 months of employment, as work schedules permit. Vacation schedules must be coordinated and cleared with Kelly K. Leong, DMD, Inc. and should be requested at least 2 months in advance. The office schedules determine permissible vacation periods, which employees may need to defer or otherwise adjust accordingly.

Vacation may be used in half day increments.

All vacation requests must be documented and approved by the employer.

EMPLOYEE MANUAL

COMPANY: Kelly K. Leong, DMD, Inc.

DBA: Ocean Endodontics

Rate of Pay and Overtime

For nonexempt employees, vacation time is paid based on the employee's straight time pay rate in effect at the time the vacation is taken. Vacation is not considered time worked for the purpose of calculating overtime for the week in which the vacation was taken.

Required Use of Vacation Before Unpaid Sick Leave

Employees are required to use accrued and unused vacation before taking unpaid leave or having unpaid absences. Family and Medical Leave (under both state and federal law) is included in this requirement, unless the absence is pregnancy-related or the leave is FMLA/CFRA-related **and** the employee is receiving wage-replacement through a disability benefit plan (regardless of whether the plan is employer-provided or mandatory under state or federal law, such as State Disability Insurance).

Paid Family Leave (PFL) benefits do not replace all usual wages. Employees may choose to supplement PFL with any accrued and unused vacation benefits.

Employees who are absent because of their own disability may be eligible for State Disability Insurance (SDI) benefits. SDI benefits do not replace all usual wages. SDI benefits will be supplemented with any accrued and unused sick leave, unless the employee is receiving wage-replacement through a disability benefit plan. If the employee has no sick leave, or once sick leave is exhausted, accrued and unused vacation will be used to supplement SDI benefits.

Notice Required for Paid Leave and Unpaid Sick Leave

When the need for paid leave or unpaid sick leave is foreseeable, employees should make a reasonable effort to provide advance notice of the need for leave. If the need for paid leave or unpaid sick leave is unforeseeable, employees must provide notice of the need for leave as soon as practicable.

To provide notice of the need to use paid leave or unpaid sick leave, employees should contact Kelly K. Leong, DMD.

Discipline for Unprotected Use of Paid Leave or Unpaid Sick Leave

Discipline - up to and including termination - may be taken against an employee who:

- Uses paid or unpaid leave for a purpose not covered by, or in a manner not consistent with, applicable law or this policy; or
- Violates this policy's requirements concerning requesting and using leave.

Separation from Employment and Rehire

If an employee's employment with the employer ends and the employee is rehired within one year of employment ending, previously accrued but unused unpaid sick leave will be reinstated and made immediately available for use.

LACTATION ACCOMMODATION POLICY

Kelly K. Leong, DMD, Inc. recognizes lactating employees' rights to request lactation accommodation, and accommodates lactating employees by providing a reasonable amount of break time and a suitable lactation location to any employee who desires to express breast milk for their infant child, subject to any exemption allowed under applicable law. If possible, the break time should run concurrently with your normally scheduled break time. Any break time to express breast milk that does not run concurrently with your normally scheduled break time is unpaid.

The lactation location will be private (shielded from view and free from intrusion from co-workers and the public) and located close to your work area. The location will be safe, clean and free of toxic or hazardous materials; have a surface

EMPLOYEE MANUAL

COMPANY: Kelly K. Leong, DMD, Inc.

to place a breast pump and other personal items; have a place to sit; and have access to electricity or alternative devices (such as extension cords or charging stations) allowing you to operate an electric or battery-powered breast pump. We will also provide access to a sink with running water and a refrigerator suitable for storing milk in close proximity to your workspace. The lactation location will not be a bathroom or restroom. The room or location may include an employee's private office if it otherwise meets the requirements of the lactation space. Multi-purpose rooms may be used as lactation space if they satisfy the requirements for space; however, use of the room for lactation takes priority over other uses for the time it is in use for lactation purposes.

Employees who desire lactation accommodations should contact the Practice to request accommodations. An employee's request may be provided orally, by email, or in writing, and need not be submitted on a specific form. We will engage in an interactive process with you to determine when and where lactation breaks will occur. If we cannot provide break time or a location that complies with this policy, we will provide a written response to your request.

The Practice will not tolerate discrimination or retaliation against employees who exercise their rights to lactation accommodation, including those who request time to express milk at work and/or who lodge a complaint related to the right to lactation accommodation. If you believe you have been denied reasonable break time or adequate space to express milk, or have been otherwise denied your rights related to lactation accommodation, you have the right to file a complaint with the Labor Commissioner.

School Appearance Leave

Kelly K. Leong, DMD, Inc. will allow an employee who is the parent or guardian of a student to take protected time off to appear in the student's school at the request of the student's teacher under Section 48900.1 of the Education Code.

There is **not** an eight hours per calendar month limitation on this emergency usage. The employee must give notice to the employer.

A childcare provider or school emergency means that the employee's child cannot remain in a school or with a childcare provider due to one of the following:

- The school or childcare provider has requested that the child be picked up or has an attendance policy (excluding planned holidays) that prohibits the child from attending or requires the child to be picked up from the school or childcare provider.
- Behavioral or discipline problems.
- Closure or unexpected unavailability of the school or childcare provider, excluding planned holidays.
- A natural disaster, including but not limited to fire, earthquake or flood.

If there is a childcare provider or school emergency, the employee must only give "notice" to the Practice of the need for time off to appear at the school or handle enrollment.

There is no reasonableness requirement because these are emergency situations.

[\(CA Labor Code Section 230.7\)](#)

The employee is required to first use existing vacation, PTO or other personal leave. The employee may also use time off without pay for this purpose, to the extent made available by the Practice.

CALIFORNIA MILITARY LEAVE

Any employee of Kelly K. Leong, DMD, Inc. who is a member of the reserve corps of the armed forces of the United States, including the National Guard or Naval Militia, are entitled to an unpaid temporary leave of absence while engaged in military duty ordered for purposes of military training, drills, encampment, naval cruises, special exercise or like activity providing that the period of ordered duty does not exceed 17 calendar days annually including time involved in going to and returning from such duty. (CA MVC §394.5)

Volunteer Civil Service Personnel Leave

No employee shall be disciplined for taking time off to perform emergency duty as a volunteer firefighter, peace officer or emergency rescue personnel. Employees are encouraged to be mindful of the impact to the Practice when taking such leave, however the length of time spent and the total days per year are not limited by law. Any employee who uses this leave shall receive reinstatement rights in accordance with the law.

Due to the nature of our business, an employee must notify Kelly K. Leong, DMD, Inc. of being designated as emergency rescue personnel and then again when the employee learns of deployment for emergency duty. (Labor Code Sec. 230.3 (c)(2))

Leave to Attend Court Proceedings for Serious Crimes

The employer prohibits discrimination against an employee who is a victim of certain serious criminal offenses and wishes to take time off to appear in court to be heard at any proceeding, including any delinquency proceeding, involving a post-arrest release decision, plea, sentencing, or post-conviction release decision or any proceeding in which a right of the victim is at issue.

A "victim" means any employee who suffers direct or threatened physical, psychological or financial harm as a result of the commission or attempted commission of a serious criminal offense. The term "victim" also includes the employee's spouse, registered domestic partner, parent, child, sibling or guardian.

Before employees may take time off under this policy, they must provide the employer with reasonable advance notice of their intention to take time off, unless the advance notice is not feasible. If an employee must take an unscheduled absence due to victimization from a serious criminal offense, the employee must provide a

certification within a reasonable time. The types of certification to account for an unscheduled absence include: a police report indicating the employee was a victim of one of the specified serious criminal offenses; a court order protecting or separating the employee from the perpetrator of one or more of the specified offenses, or other evidence from the court or prosecuting attorney that the employee has appeared in court; or documentation from a medical professional, domestic violence counselor or advocate for victims of sexual assault, health care provider or counselor that the employee was undergoing treatment for physical or mental injuries resulting in victimization from one of the specific serious criminal offenses.

Confidentiality of the situation, including an employee's request for the time off, will be maintained to the greatest extent possible.

Employees may use accrued benefits, such as vacation time or sick and safe time leave, in order to receive compensation during the time taken off from work.

Jury Duty or Witness Leave

Kelly K. Leong, DMD, Inc. encourages all employees to serve on jury selection or jury duty when called upon to do so. Exempt employees will be excused from work and will receive full salary, less the amount of jury pay, unless they are absent for a full week and perform no work.

Kelly K. Leong, DMD, Inc. will also allow all employees time excused from work in the event of leave to be a witness in any civil or criminal action. Exempt employees will be excused from work and will receive full pay for related absences up to five day(s). Nonexempt employees will also be excused from work and may use available PTO.

Kelly K. Leong, DMD, Inc. requires that you present the summons the workday after you receive it. Following such service, you must supply official proof of jury service.

If work time remains in a day when you were serving in the jury process or while serving as a witness, you are expected to return to work for the remainder of your regularly scheduled day.

Kelly K. Leong, DMD, Inc. will not reimburse you for mileage and any mileage allowance or fee you receive from the court is to be retained by you.

An employee who takes time off of work to serve on a jury or as a witness as required by law may use personal leave or compensatory time off that is otherwise available to that employee, unless otherwise provided by a collective bargaining agreement. (Labor Code Section 230(g).)

Time Off for Voting

If an employee does not have sufficient time to vote outside of working hours in a statewide election, Kelly K. Leong, DMD, Inc. will allow an employee to take off enough working time to participate in such an election. Such time off shall be taken at the beginning or the end of the employee's regular shift, whichever allows for more free time, and the time taken off shall be combined with the voting time available outside of working hours to a maximum of two hours combined with the advance approval of Kelly K. Leong, DMD, Inc. Under these circumstances, an employee will be allowed a maximum of 2 hour(s) absence without loss of pay.
